

The Braille Label Maker: an easy way to make Braille labels on the go

The 6dot™ Braille Label Maker™ is an exciting new way to make high quality Braille labels. Designed to be used by people who read and write Braille as well as those who support them. It is portable and can be used independently of any other technology.

6 things you need to know about the Braille Label Maker™

Ergonomically designed to be portable and easy to use anywhere

Automatic scoring and cutting provides effortlessly clean label cuts without the need for scissors

Built-in Braille Keyboard supports all grades of Braille in virtually every language

QWERTY keyboard connectivity option enables people who cannot write Braille to create labels

Powered embossing produces high quality Braille for accurate reading with minimal hand strength required

Two power options: AA batteries (standard) for portability or mains adapter (optional accessory) for desktop use extending the label making choices for user

The 6dot Braille Label Maker is designed to be easy, accessible and fun for users of all ages.

- **The Young Braille Learner** – extend use and exposure to Braille in creative ways
- **The Independent Adult User of Braille** – making life easier, more efficient, more accessible
- **The Supporters of Users of Braille** – teacher, parent, employer can use labeller with the QWERTY keyboard option

- **Wider Society** – stores, libraries, museums may opt to use the Braille Label Maker to support their customers

One of our first users told us:

'I am so pleased with my Braille Label Maker. It's so easy to use and the quality of Braille is lovely. Now I know what tins are in my food cupboard'

6dot BrailleCoach supporting the learning of Braille

The 6dot BrailleCoach teaching device is a unique way to learn Braille enabling the student to work independently between lessons enhancing their progress and making it fun to learn.

- **Easy to use** - BrailleCoach comes with an alphabet set of pre-programmed Braille tags making it useable out of the box
- **Easy to progress** - there are three modes of learning which allow progression through grades 1 and 2 - Mode 1 Dots and Letters: Mode 2 Letters only: Mode 3 Letters Words and Spelling: Mode 4 Letters and Words
- **Easy to extend** - make your own training tags to suit your individual teaching style and set unique homework for each student

Why not teach reading and writing of braille side by side?

Invest in the combo package of 6dotBraille Label Maker and 6 dot BrailleCoach. Make your own extension materials to support the learning of writing Braille at the same time as learning to read braille. Your students will find it easy and fun. Call us to find out
