VISUAL SUITE
the easy way to personalise your ProxTalker
Just insert the DVD and start creating visual materials.

Visual Suite from Silver Lining is an easy to use template and label making resource which enables you to easily generate labels for the ProxTalker sound tags as well as a wealth of other classroom resources.

- the DVD has a library of over 15,000 distraction free photos
- bonus section with over 700 photos from various categories including behavioral and living skills
- easy to use search engine with keyword and thumbnail search
- download images from the web or PC to insert onto templates
- includes readymade templates for all ProxTalker supplied sticker sheets
- easy formatting and template options
- options for printing to various size labels and cards
- system requirements:
windows XP or higher (including Vista and Windows 7) and
Mac OS X 10.4 or higher (including 10.5 and 10.6)

Logan Technologies supplies Visual Suite on its own or as part of the ProxTalker packages
